foreword

In this book the staff has endeavored to show the activities of the school from many viewpoints and to present a well-balanced picture of student life.

The staff hopes you will regard its work as merely an outline. It is your own experiences and your own memories that will give the book a real meaning.

Designed and Cut by J. Sherrod

dedication

Because they are beautiful and beauty is a necessary part of education, and because they have become to us a symbol of our school, the staff dedicates this issue of the Annual Pleiades to "our beloved arches."

the history of fullerton high school

- Fullerton Union High School has become one of the leading high schools in California. The school possesses those qualities which are necessary to the achievement of the highest standard for a secondary school—equipment and organization. Because we are proud of Fullerton Union High School, we feel that the history of its growth should be an important part of the year book of 1934.

- At present the high school district is composed of the following elementary school districts: Buena Park, Fullerton, La Habra, Orangethorpe, and Yorba Linda. The school maintains a fleet of busses for transporting pupils to school from the distant parts of the district. The busses are driven by competent drivers and run regularly each school day.

- Fullerton Union High School was first established in 1893 through the efforts of W. R. Carpenter. Carpenter went from house to house in the vicinity of Fullerton urging students to continue their education through the secondary school. The first location of the high school was on the second floor of the old red brick building on Harvard Avenue, belonging to the Fullerton Elementary School District. Mr. Carpenter was the first principal and teacher. In 1896 the faculty consisted of two teach-

ers. At the present time the faculty numbers ninety-five.

- The first graduating class of 1896 consisted of two members: Arthur Staley and Thomas McFadden. The graduating class of 1934 is composed of approximately two hundred and thirty members. After 1896, as the enrollment was increasing steadily, the few rooms in the grammar school building became too small to meet the requirements of the students; therefore, in 1906, the high school was moved to a larger building on West Commonwealth Avenue on the present site of the Fullerton City Park. At this time there was an average daily attendance of sixty-five students. In 1934 the total enrollment in the high school is 1369. In 1906 a new principal, Delbert Brunton, came to the high school. In 1910 a second building was added in which classes in manual training and home economics were to be taught.

trustees

- The board of trustees is composed of five men who devote much time and effort toward the betterment of the school. Members of the board are Mr. Claude Ridgeway of La Habra, president; Mr. Ernest R. Walker of Yorba Linda, clerk; Mr. J. W. Schiller of Buena Park, Mr. L. B. Steward of Orangethorpe, and Mr. Albert Launer of Fullerton. Mr. Fred Johnson of Yorba Linda replaced Mr. Walker in May.

• We may point with a trace of egotistical satisfaction to fine buildings, ample athletic fields, and acres of campus. We may swell with pride as we recount the accomplishments of skilled athletes, brilliant students, or illustrious alumni. But only to the extent to which these are outward manifestations of fineness of character and high idealism to which the school has contributed can we claim greatness today.

Louis E. Plummer

Mr. Redfern

Miss Kast

Mr. Culp

• The vice principals play a vital part in the school routine. Through their friendly aid and sympathetic advice students are able to solve the many problems that confront them during their high school years. Miss Emma J. Kast is the girls' advisor and Mr. A. S. Redfern is Dean of Boys. Mr. Culp, as head of the Commercial Department, has put many students in paying positions.

Dear Zella
well, just as
usual I'm still wondering
what to write. Just a few
pages that ought not to be bad.
I hope I have had the sweetest time
since I have gotten to know you so much
better. I haven't ever spent to L.B. with you in the
the first night I ever spent to L.B. with you in the
a flat tire, end of all the places and of all the things
that didn't have to happen. It seems as if every time we
go to L.B. we have the sweetest times, always meeting some
one new, or I should say you are. Now that I have been
gone maybe we all have the time of our life. There's hoping some
now that I have to hurry, so you to say, in just taking
my grad. time. I took the car down and all your first night
rather the first time I had the most fun. That was the first night
with me. Didn't we have the car down and all your first night
I can remember that dear Walter caused all the trouble over
my. I laughed more that night when ever before. Remember how
and what all he was going to do to get out. Then who should we
take home with but Dick. Walter. I guess well sure have
something to remember are sweet times this last winter

the history of fullerton high school

- Fullerton Union High School has not reached its present status without some misfortunes. Just as the new building on West Commonwealth Avenue was being completed, the other building was destroyed by fire. For the remainder of the year 1910-11, high school was held in tents and in the new building.

- The school board faced the fact that the school facilities on West Commonwealth Avenue would be inadequate for the students enrolling in September, 1911. They realized that the number of students enrolled in the high school had been increasing rapidly and that it would be only a short time until the campus would have to be enlarged. It was decided that a much larger tract of land should be selected for a group of permanent buildings. The seventeen-acre tract of land which was finally chosen for the new campus of the high school was situated where the Fullerton Union High School and Junior College now stand. In 1912 fifteen acres were purchased by the school and two and one-half acres were donated. This tract of land was bounded by Chapman, Pomona, Harvard Avenues, and an alley lying close to what

is now Union Avenue. In 1919 another purchase of land was made which extended the campus to the Pacific Electric tracks. At present the campus consists of approximately twenty-three acres.

- When the classes of the high school were resumed in September, 1911, they were held in five cottages and the remaining building on the old site. During that year, a group of eleven permanent buildings was constructed on the seventeen-acre tract of land and were known as the commercial building, the physical science building, the study hall, the history and language building, the English building, the mathematics building, the auditorium, the pump house, the boiler house, and the gymnasium.

senior class history

• The class of '34 first organized by electing Elmer Grainger president, Francis Luehm vice-president, Arnold Fickle secretary, Naomi Hance treasurer, Bobbie Selover song leader, and Dudley Lemke yell leader; and by selecting red and gold as the class colors.

As juniors under the leadership of George Jeffrey, president; Pauline Ingram, vice president; Emily Steele, secretary; and Paul Butler, treasurer; junior sweaters were purchased, and a junior-senior prom was given.

This year senior rings, designed primarily by the class president, were purchased. A large portion of the class spent Ditch Day at Big Pines. Class day held on the campus as a print and cord affair included a picture show, a luncheon, and a dance.

- In the fall the junior class chose brushed wool sweaters in the class colors, blue and white. They will entertain the seniors at a sport prom late in the school year.

The sophomores, the second largest class in the school, are active in all sports and are represented in almost every activity. Their colors are green and white.

The freshman class has gained the reputation of being peppy and enterprising by publishing the "Papoose Chatter," a weekly paper. They chose as class colors red and blue.

We are born for

Dear Lady,
This year has to be better
long as you'll notice from this dear
I don't suppose you'll forget this dear
and gym class for sometime. Especially
the baseball team? Logic sure adored
me. Remember that chorus class you got to sing.
first year and the way I could sing.
now don't laugh. Whenever you get time
come down and see me. Remember that
Birthday party when you had your graduated
from grammar school. We surely had
fun. Especially when your old boy friend
showed up. Will honey I know John
is terrible but I can't write letters
as you can readily see. Well come
back to I.C. and maybe I'll
see more of you next fall. Lots
of love to a new kid.

the history of fullerton high school

- It had been the original plan of the school board that the group of eleven buildings should be sufficient to supply the requirements of the students for at least ten years. Because of the rapid increase in enrollment, they found it necessary, however, in 1917 to build the Polytechnic Building. In 1918, an extension was made to the manual training building.
- Almost three-fourths of the buildings and improvements which form the beautiful Fullerton Union High School have been constructed since 1920. They are all built on the Spanish architectural style.
- About four years ago, a new gymnasium was constructed. It is the largest building on the campus and has 49,000 square feet of floor space. One of the interesting features of the gymnasium is a large open-air swimming pool. The gymnasium is divided into two sections, one for boys and one for girls. On the first floor of each division there are coaches' offices, convenient dressing rooms, shower rooms, and a large indoor basketball court. On the second floor, there are class rooms. Near the gymnasium there are also courts for volley ball, basketball, and tennis; and fields for hockey, baseball, field sports, track events, and football.

• The second largest building on the campus is the home economics building which has 34,000 square feet of floor space. The third largest building is the one containing the administration offices, the library, and the study hall. The students of Fullerton Union High School have the advantage of possessing a beautiful library containing 12,136 books. Many of these are reference books. There is a great assortment of fiction and non-fiction books. One of the most magnificent structures on the campus is the concrete stadium which has just been completed this year. The stadium contains 25,000 square feet of floor space. The bleachers have a seating capacity of 4600. The old wooden bleachers have been moved to the east side of the field facing the concrete bleachers. The basement of the stadium contains a carpenter shop, a truck and lawn mower garage, a girls' locker and shower room, a visiting team dressing room, a boys' locker and shower room, a football team dressing room, ramps to the field, and six service tunnels.

Alcyonians

Pleíads

- The California Scholarship Federation is based entirely upon scholarship. To be a member of the organization one must be a member of the Pleiad Society for six semesters, one in the senior year.
- The Alcyonian organization is part of the National High School Honor Society. Membership is based upon scholarship, character, leadership, and service. Only ten per cent of the senior class may be members.
- The Pleiad Society is the Fullerton Union High School honor society. It is connected with the California Scholarship Federation. The society has had two parties during the year. It also sponsored a cake sale to raise money for its student-loan fund. In April, the society entertained District Four of the C. S. F. at a convention.

Girls' League

Girl Reserves Etiquette Club

- The Girls' League was organized in 1916. This year it has sponsored a father and daughter banquet, a Hi Jinks, and a play to raise money for the league loan fund. On April 28 it had the privilege of entertaining delegates from all the girls' leagues in Southern California at the Spring convention.
- Girl Reserves is divided into four class groups. The offices of the entire organization in Fullerton Union High School were: President, Esther Erdman; Vice-President, Frankye Kightlinger; Secretary, Ethel Mae Weide; Treasurer, Lois King.
- The Etiquette Club was organized in 1932 at the request of students wishing to become more familiar with correct manners for all occasions.

G. A. A.

- The G.A.A. strives to create a better spirit of sportsmanship and cooperation among the girls interested in sports. In order to be a member a girl must earn fifty points by participating in some sport. The main social event of the club is the annual beach party held in the spring.

Big F

- The Big F is composed of girls especially active in sports. Membership is restricted to girls who have earned one thousand points in athletics and who have made at least one first team.

Hi-Y

- The Hi-Y club was organized in January, 1921, by Archie Raitt, advisor of the organization through the past thirteen years. Its purpose is to create and maintain throughout the school and community high standards of Christian character.

Latin Club

• The Latin Club was organized in October, 1920. The purpose of the club is to enable the students to learn more of ancient Roman customs and to speak the language more fluently. On April 7, the annual Roman Banquet was held. Other activities were a pie sale and an initiation party at the Isaac Walton Cabin.

Spanish Club

• The Spanish Club was also organized in October, 1920. The aim of the club is to increase interest in the Spanish language and in Spanish people. It is composed of fourth-year students only. The club made several trips to Los Angeles to see Spanish plays.

French Club

• The purpose of the French Club is to study France, its people, and its language. The club has had several parties during the year. A project on the French colonies and on countries that speak French was also made.

Kayak Club • The Kayak Club was organized this year by Mr. Marsden. The members of the club worked enthusiastically to finish their kayaks in order to use them in vacation time. They built twenty-five kayaks of the Eskimo design and two kayaks of the Danish design.

Dear Zella:

club rosters

Well, honey, Our friendship has increased immensely this past year. Don't forget the deal at Gym Class. We've had a grand time especially the last year. Don't forget Senior Class day, and the fun we didn't have. Also, the Jot & Jo. Prom, was the orchestra good and how! I guess I hand you the same old line, but any how one man won't hurt

I guess —

Zella, I've certainly enjoyed your friendship. I hope that I may see you this summer. Either at the Beach or at the Cinderella or Majestic (Guess where I mean)

Please don't forget me as the pet name I go by (Ike) and I'm sure I won't forget you —

I certainly hope that you have all the luck, success, & a great deal of happiness in the future —

Love

Dear Foodie:-

but action.

especially when some nice young men like me always do run into. Please don't forget the Jr. + Sr. Prom. Life is just a bunch of cherries but Carl + Floyd got the ones. The Poor fellows. Remember the note that I met Dr. Huxley. The was really funny. Also do you remember the fellow by the name of "Pinky". And was Walter ever mad. I had to laugh because he was so mad. And what all he wasn't going to do to "Pinky". Pinky was scared to death although he didn't want to show it. I'll always remember that night especially. The too do you remember "Pat", "Chick" and the others.

Do you remember Mary Ellen's St. Patrick's Party? How Dan couldn't come, and of all of the fellows that you tried to get + then you finally got mummy. We sure had a swell time. Remember the — + how Mary Ellen spilled it all over the floor. I sure had a swell time that night.

But most of all remember Class Day + Class Day night. We sure had a

swell time. I had a lot of fun with Dan, even if you did get sore at me.

Well honey we have this day + then no more. What shall soon be out is the old world + I do hope we get to see

together. I hope you will remember "Ditch
Day", with Franklin, Neil & Tolson. We
sure did treat them terrible but then
we didn't ask them to hang around us. We
also had a lot of fun the day we
went to the beach with Helen & those
kids. Boy did I ever feel funny that
rite. I was so darn dizzy that it wasn't
even funny. We have had more fun
I hope you'll also remember that cute
fellow that was at the beach. He
sure was a honey. Remember the
fun that we had with Mary Ellen & Cleo

sometime this summer. Because we so
have loads of fun. I really don't know
what to write about now. So Car & Floyd
think we are swell girl friends.

the history of fullerton high school

- The new concrete stadium on the campus of Fullerton Union High School has a basement and a first and second floor. On the first floor there is a corridor, a warehouse storage room, two class rooms, a public rest room for women, two doctors' offices, and a public rest room for men. The length of the football field lies north and south now instead of east and west. There is a large parking space at the east side of the field for students and for faculty members.
- In 1930, a beautiful new auditorium was constructed on the Fullerton Union High School campus at the corner of Chapman and Harvard Avenues. Its tall tower can be seen for miles in every direction. There are electric clocks on three sides of the tower. Within the auditorium, there is a magnificent Wurlitzer pipe organ. High-school students will always remember the beautiful music from the pipe organ at student-body assemblies and entertainments. The new auditorium is a very great improvement over the old one. It has a seating capacity of 1800 while the old auditorium had a seating capacity of 843.
- The stage is equipped with most modern facilities for stage productions. There are several dressing rooms below the stage and in the tower.

Saved

- The auditorium furnishes a picturesque setting for the stage productions presented by the organizations of the high school and the junior college. The excellent instructors, talented students, and the splendidly equipped auditorium combine to allow entertainments of which every member of the high school and the junior college may be proud.

- The Principal's office is a room in the third largest building on the campus. This room, however, is of very great significance to the students of Fullerton Union High School because it is the office of Mr. Louis E. Plummer. Mr. Plummer came to the high school in 1909 as head of the Commercial Department. He became Vice Principal in 1913 and Principal in 1919.

Glee Clubs

• The Boys' and Girls' Glee Clubs, under the direction of Miss Ruth Tilton, have made many public appearances this year. Their most important work was done in the choruses of "The Desert Song". They also appeared in "A Christmas Carol", and took active part in the annual spring concert, given by the music department. Many members of the Glee Clubs also sang in the County Music Festival held at Huntington Beach and the annual dance recital. Besides participation in these events, all or part of the Glee Clubs made appearances at many local programs. Their last activity this year will be at Baccalaureate and Graduation. Officers of the Girls' Glee Club are: Lois King, president, and Rosamond Prindle, vice-president.

• The Band has worked very hard this year under the leadership of Mr. Nashold. Twice they gave an entertaining program in assembly. They were a popular feature at football games held at Fullerton, where they paraded and formed the school letters in front of the bleachers. The Pow Wow parade was led by the band, wearing their white uniforms and red sashes. The band was assisted occasionally by members of the Junior Band.

• The Orchestra this year was under the direction of Mr. Walberg. It entertained the high school assembly and played before and between the acts of most of the dramatic productions of the school. Part of the orchestra combined with other musicians to form the orchestra that played for "The Desert Song".

WEEKLY PLEIADES

Toward the end of the year the upper classmen decided to revive the former school paper, *The Weekly Pleiades*. This, of course, involved quite a little expense, but they finally succeeded in giving the students a limited number of copies for a small price.

• Annual Pleiades

• The staff of the Annual Pleiades was small, consisting of only seven members with Mr. Otis Le Ross as the advisor. The members of the staff were Ann Stanford, Editor-in-Chief; Philip Hammond, Assistant Editor; Jane Sherrod, Art; Violet Bielefeldt, Organizations; Don Willard, Photography; Richard Douth, Sports, and Paul Butler, Activities.

One of the outstanding contributions was that of Violet Bielefeldt, who spent much time in research in order to write an authentic history of the school. Jane Sherrod designed several and cut all of the linoleum blocks in the introductory section. Most of the blocks were designed by Miss Hinkle's Illustration Class.

Rosemary Friedrich was the typist.

Le Grand Connor and Winfred Schulte wrote the class will, and Helen Boyd and Rosemary Friedrich, the class prophecy.

STUDENT VERSE

The verse book was published this year under the direction of Miss Grace Gray Miller. Since there was no book published in 1933, the verse written last year was included in the 1934 book. **Student Verse** contained approximately thirty pages; the cover was a block designed and cut in Miss Hinkle's Illustration class. Those contributing to the book are:

Dear Zella:

Well old girl we have been High School together
for 7 years, and have we had fun. Oh boy!?! Oh boy?
We have gone thru these 4 years without many mishaps
(not many). I will always remember the come, it is like
the "Sugar Bowl" in Harold Teen. Thanks a lot for all
the free cars. (lets hope they continue). Remember the
old law class, how can you ever forget it.
Now pal I wish you success and hope to Henry.
See more of you in the coming years.

Always Your Pal

- All high school text books as well as student supplies are distributed from the book store. Mr. Don Brunskill is the faculty adviser; Mrs. Geraldine Walker, the manager, and Miss Edith Canfield, the assistant manager.

- The financial center of the school is the bank. It is a state institution, authorized twelve years ago. The usual functions of a small bank are carried on by students in Directed Business Training.

- Mechanical drawing, taught by R. M. Marsden, is a foundation for advanced courses in architecture and engineering. Students are shown the use of drawing tools and learn to make plans for houses and simple buildings.

- A very interesting course for girls is foods. Each girl who takes it learns such things as the classification of foods and their functions, suitable meals for everyone, proper table etiquette, and the preparation of foods.

- The clothing classes teach girls to be intelligent buyers by giving them a knowledge of textiles. Cotton and linen fabrics are studied by the elementary classes, while the advanced classes study silks and wools.

- Weaving and textile classes aim to acquaint students with the use and care of fabrics. Students study definite color schemes and designs. The articles made include draperies, pillows, scarfs, luncheon sets, and dress materials.

- Students in Mr. Glen Luken's pottery class are taught to make bowls, vases, and tiles; the coil method is used. Advanced students learn the art of glazing and firing.

- The jewelry and metal courses teach students to work with and recognize precious and semi-precious stones. They learn how to set these stones into copper, brass, pewter and other metals.

- A splendid four-year foundation course for students who plan to make art their vocation is offered by the Art Department. Fundamental principles of structure, design, color, drawing, painting, pen and ink, and landscaping are taught.

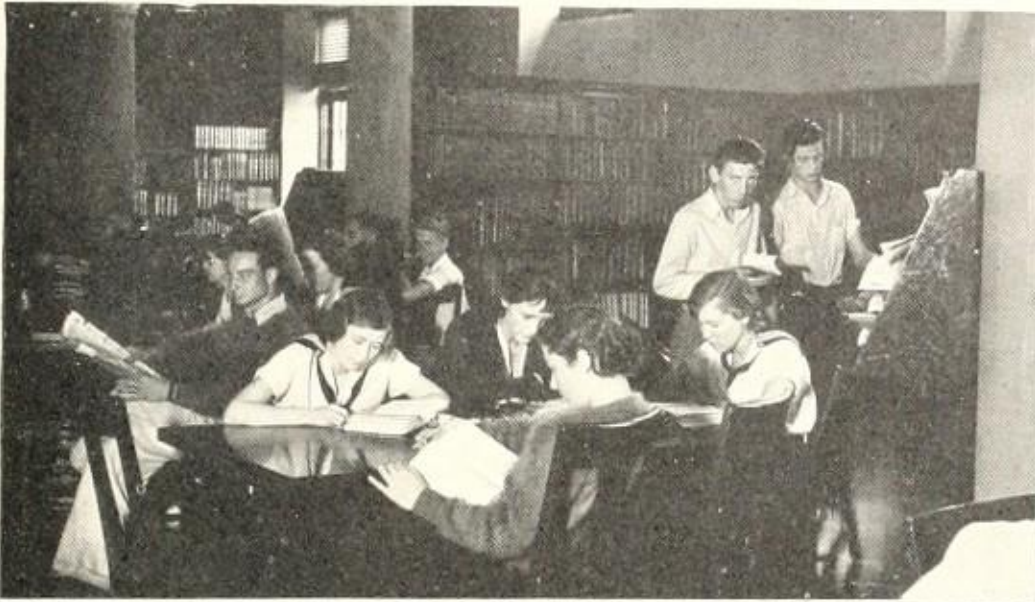

Day Gully
 I'll see you around with a
 comic picture. it's on page 19.
 I have enjoyed having you
 here for a year and hope to
 write you again. Love and
 ever your friend Glen Luken

• One of the most beautiful structures on the campus is the library. It is patterned after the Salamanca University Library in Spain. There are about 12,000 selected volumes on file. Mrs. Ethelene Kitching is librarian.

• Student body dances are held approximately every two months. Though they are well attended there is ample room to dance in the girls' gymnasium. Hosts and hostesses are usually chosen from the officers of classes and organizations.

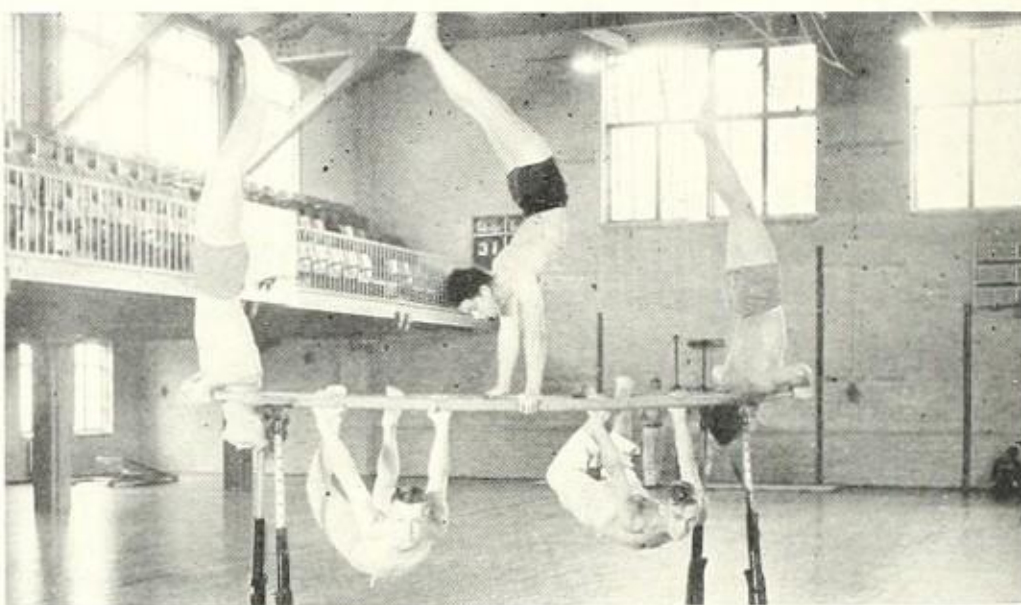

• Fullerton High School has a fleet of busses that carries over 700 students and covers about 600 miles daily. A competent group of J. C. students drive the busses under the supervision of Mr. Boddy.

- Fullerton High is fortunate in having such a well equipped gymnasium. There are the various kinds of rings, bars, horses, and weights. There are boxing gloves and many tumbling mats. Competent instructors are always on hand.

- It is the duty of those who take stagecraft to design and plan all stage settings, from the smallest assembly to the largest dramatic production of the year. Mr. Dysinger is the instructor.

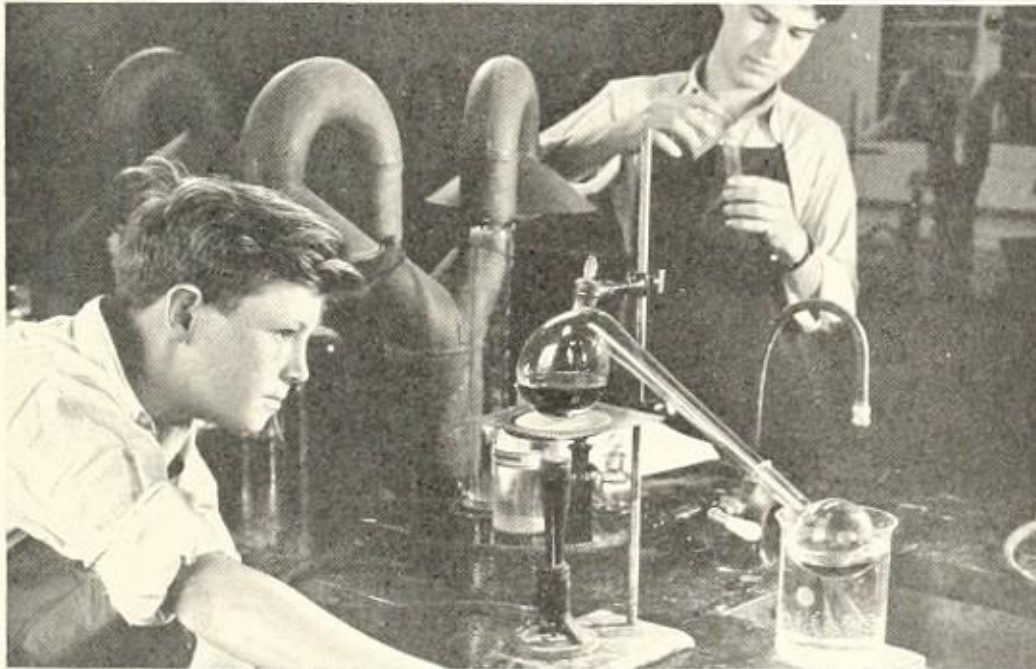

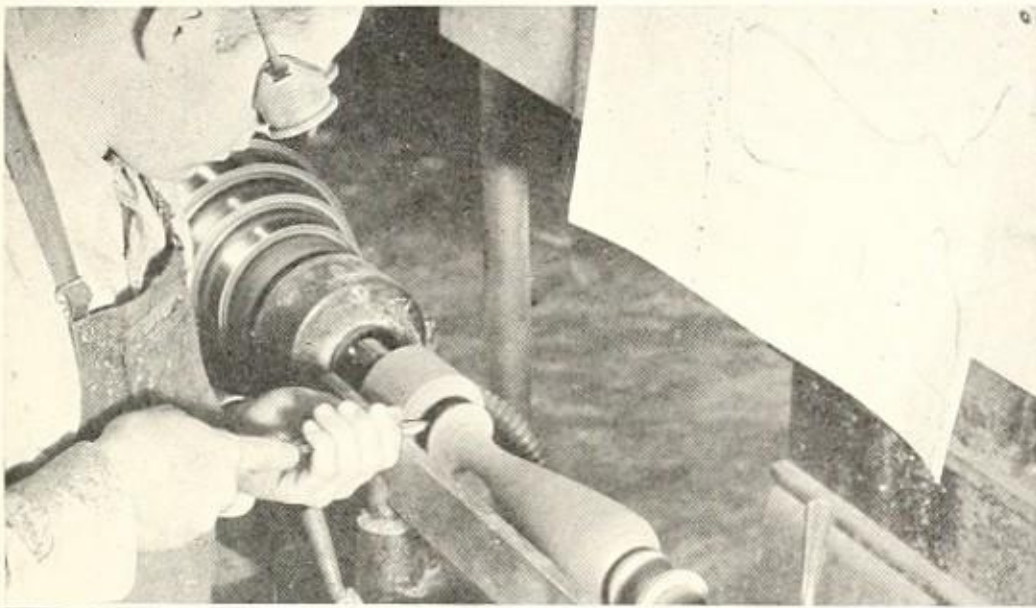

- The cafeteria this year has been successfully run under private ownership. The Student Body gets ten per cent of the net profits. Very good meals are served for five cents a dish.

- In the last few years the woodshop has turned out many class projects such as class room chairs and tables. This year their project was combination benches and tables for use in locker basements.

- Chemistry is taken by most juniors and seniors under the instruction of Miss N. A. Rumsey and Mr. Ernest Von Gruenigen. It is the most popular junior-senior science, although some students prefer botany or physiology.

- It is important to know the art of permanently joining metal parts. As welding is strictly a trade course, students do repair work for the various departments, saving many dollars.

dance club

- The dance group is not a newly formed organization. At the first of this year girls interested in the dance met every Wednesday and practiced various dances. Towards the end of the year the participants in each dance met separately.

On May 19th they gave their annual recital in the High School Auditorium, assisted by the Girls' Glee Club.

The dances that were given at the recital were all originated by the girls who danced them.

Miss Florence Randall is their sponsor and instructor.

the history of fullerton high school

- Fullerton Union High School is not merely a magnificent exhibition of beautiful buildings, flowers and shrubs. Within the school there is a determined effort on the part of everyone to raise the spirit and character of our school to the highest degree possible. In attempting to reach this goal many organizations have been formed.
- The attainment of higher scholastic records should be the main attribute of a progressive secondary school. The honor society of the Fullerton Union High School is called the Pleiad Society. To be a member a student must have ten honor points to his credit at the close of each semester. These honor points are based on scholarship. Also, the merit records of the members must be above ninety.
- Language clubs offer students further opportunities to become better acquainted with the life, literature, speech, and social customs of foreign peoples. The Spanish Club and the Latin Club were organized in 1920. The French Club was organized in 1923.
- The music organizations of the high school strive to create among the students and the people of the community a love for the highest type of music. Among these organizations are the orchestra, the band, the Girls' Glee Club, and the Boys' Glee Club. One or more of these participate at most of the high-school functions and at many of the entertainments and social activities of the community.

- In the year 1916-17, the Girls' League was organized. It is a club composed of all the girls in the high school. Its purpose is to develop a spirit of fellowship among the girls and to promote activities which will benefit the school and the community. The Girls' League president has a cabinet of girls chosen from each of the various grammar-school districts. By this means girls from every grammar-school district are represented in the executive section of the organization.

- In the year 1931-32 the Etiquette Club was organized. The main purpose of the club is to acquaint the members with the social customs that they will need in everyday life. In the year 1933-34 the Kayak Club was organized for the purpose of building kayaks. More will be told of the organizations of the high school in another part of the book.

Beautiful, sweet
Lovely, ethereal palm
Stately
Noble
Your branches drooped
We have cut them off.
With hatchets.

The judges reached the decision after much debating. The other candidate for the prize was Ann Stanford's *Beautiful Nerts*.

When asked why he had enough endurance to hang on a rock for four hours, Mr. Stedman replied, "I eat Wheaties."

Well Known Citizen In Accident

While cleaning the windows of the Chapman Building, a well-known citizen, Mr. Fred Klein, fell from the ladder and fractured his thumb and larynx bone. He was rushed to the Kimberlin Hospital, and attended by Drs. Anna Klose and Paul Kruse. Special nurses, Loumagne and Luehm, were put on the case. He has been daily visited by the Rev. Max Molina. Candy and chewing gum are sold to him every day by Miss Ardys Moore, who is in that profession at this time. The hospital barber, Mr. Myrtle Munoz, shaves him weekly. Miss Martha Morlan, cosmetician, sees to his daily manicure. The patient is very low but will be expected to continue his profession of window-washer soon.

ADAMS FOR CITY STREET COMMISSIONER

It seems impossible that the voters of this city will vote out of office the present street commissioner, Edward Adams. A little antagonism to Mr. Adams comes from dirt he may have left in the street in front of various shops of the city. But this should be disregarded. What is a little dirt between friends?

Take the trouble to go to the polls next Tuesday and vote for the best street cleaner in the county.

LOST MISSIONARIES FOUND

—Capetown, Mar. 28—Le Grand Connor and Hardin Covey, missionaries believed lost in Africa, have been found, it was learned today when a messenger arrived from the party of Miss Helen Boyd, camera hunter. Miss Boyd's party was wandering about in the jungle near the Congo looking for suitable material for a jungle picture when they heard cries for help. They arrived at the camp of a small group of very hungry looking cannibals just in time to pull Connor and Covey from the pot. One of the cannibals came up to Miss Boyd and started explaining in very good English that they were merely trying to find out if the missionaries could take it. After they had washed the fellow's face for an hour they found that he was none other than Don Tate, long given up for dead. Tate will return with the party.

Song Corner Sunday

By special permission of the Otis Beatty Publishing Company we have reprinted the song hit of the week written by those masters of melody the Arroues Brothers.

I Long For Your Return

Every night

When stars are bright

I long for your return.

Every day

The world is gay,

While my sad heart burns.

I'd be content if you'd come back to me,

How great our happiness would be,
My little Scottie dog.

ADVICE TO THE LOVELORN

By Aunt Betty Steelman

Dear Aunt Betty:

I am a young girl 37 years of age and I teach kindergarten in the Wilshire Grammar School. I am very much in love with one of my students. How can I win him for my own?

Anxiously waiting your answer,
Miss Mildred Stevens.

Dear Mildred:

I recommend you change your affections to a worthy man, Mr. Virgil Wagner, the janitor of the school.

Aunt Betty.

Dear Aunt Betty:

I am a garbage collector and I love Miss Quigley, who is an actress. What shall I do?

Undecided Lippiatt.

Dear Undecided:

Don't lose your faith. Put your nose to the grindstone, and you'll come through.

Aunt Betty.

Sermon

The sermon this week will be given by the Rev. Judson Hallock. Special music has been provided for by Marjorie Rudy, who faithfully exercises her duty as choir leader. The special numbers include a piccolo solo by that nationally known saleslady of Blow Hard Instruments, Miss Elizabeth Griffen and a harp duet by the popular Paul and Hazel Hayes. The treasurer of the church, Mr. Dudley Lemke, urges every one to attend.

Prominent Landmark Destroyed

Riverside, March 28.—The hot dog stand between Perris and Riverside was blown down late Thursday afternoon when a miniature cyclone passed through the valley. The proprietor, Edward Adams, aided by his waiters and waitresses, Albert Bastady, Edward Benner, Beverly Baxter, and Margaret Boyles, were seen out early this morning collecting stray hot dogs, buns, pickles, mustard, and onions, along the boulevard, in preparation for starting a new place of business.

Uncle Russ's Bedtime Stories

Dear Children:

I have been laid up with rheumatism all this week; so I have not had time to prepare a bedtime story for you. Instead, I am going to let you read one of my Indian poems. Are you ready?

Happy Landings sittum byum brook
Ketchum fish onnum he hook.

Allum time he like go fish.

Stuff like that—tha's his dish.

He likum go out withum Injun gal,
He stealum dame from he bes' pal.
Pal sockum plenty hard on jaw;
Happy Landings runnum cry to he maw.

Oneum time Happy Landings, the
lil' runt,

Takum bow 'narrers an' goun for
hunt,

Seeum bear—thinkum out o' luck.

'Bout that time, long comum buck.

Buck killum bear heap plenty dead;
Happy Landings gettum heap face
red.

After that always takum gun,

Whenum seeum bear, like son-a-gun
run.

Now I'm aware of the fact that
this poem is sad,

I also know that my meter is bad.
But Indians are known to be quite
poorly read.

Besides, to write poetry, it takes
brains in your head.

(Russ really wrote it).

Next time Uncle Russ will tell
you all about his experiences with
the fierce Fullerton Indians, that
is, if you are all very good children
and eat your spinach.

Signed Uncle Russ Stanbro.

SCHULTE FOUND GUILTY

Winfred Schulte, millionaire philanthropist, was declared guilty of destruction of public property in Judge Ray Burney's court last night. Schulte was placed under arrest by officer Cariker when he picked several daisies next to a "Don't Pick Flowers" sign. Schulte, defended by Winnie Zumwalt, the famous criminal lawyer, pleaded insanity. He claimed to be violently in love with the young lady proprietor of a well known correspondence school of the dance, and said he merely wanted to see if she loved him. What the daisy revealed he refuses to state. Prosecuting Attorney Richard Carlyle will probably be re-elected to office due to this outstanding victory.

Dear Tootie:

Well It's hard to realize that you are graduating from High School already, but I guess you kids would do it sooner or later, so it might just as well be now. Remember the good

The stern joy that warriors feel,

their steel.

old times that we used to have in the years past, and remember how I used to tease you (the kid sister). Well all I can say now is that I hope you lots of luck in the year to come, and always remember me as a friend, even though we did fight and be little each other.

the history of fullerton high school

- Many organizations have been formed in Fullerton Union High School for the purpose of promoting the highest ideals of the school.
- There must be a feeling of Christianity in a successful school. The Girl Reserve and the Hi-Y are two organizations that strive to create this feeling among the students. The Girl Reserve is part of the national Young Women's Christian Association. The Hi-Y, organized in 1921, is part of the Young Men's Christian Association.
- Another essential of a progressive high school is a spirit of good sportsmanship, and of cooperation. The athletic organizations of the high school have as their objective the promotion of this spirit among the students. The Girls' Athletic Association and the Big "F" Society, organized in 1921, are the names of the girls' athletic organizations. The boys' athletic organization is called the Redmen's Club.
- The student government of Fullerton Union High School is very efficient. All students enrolled in high school are members of the Fullerton Union High School Student Body and must abide by the laws of the student-body constitution. The executive positions are held by qualified members. Also, there is the Executive Board, whose main duty is to promote student-body activities.

Dear Zelle:
 Well here it is our
 25th year in High school.
 How time does fly. Well I hope
 you will remember the
 we had in High School.
 I certainly have
 enjoyed knowing you
 as well as I have.
 Don't forget the
 dear old "Kew Class" and
 Mr. Ruby the old S.D.
 and so well I won't.
 Well I hope that you
 will be a great success in
 later life. Well I hope that
 I shall see you this summer and
 20 years. You old friend and pal
 Leo Burns

• On November 14, 1921, the high-school
 bank was established under the banking
 laws of the State of California. Fullerton
 Union High School is the first high school
 in Orange County to have a bank for its
 student body. It is the second high school
 in California to have legally established a
 bank.

• Our high school has been given the rank
 of "A" by the University of California.
 To receive this rank, a secondary school
 must have the proper equipment and an
 efficient faculty. In 1933, the Orange
 County Appraisal Company gave the fol-
 lowing valuation for the high school: Build-
 ings, \$1,044,693; land, \$103,500; equip-
 ment and furniture, \$254,508. The cost of
 the new stadium was \$75,000.

"A" Football

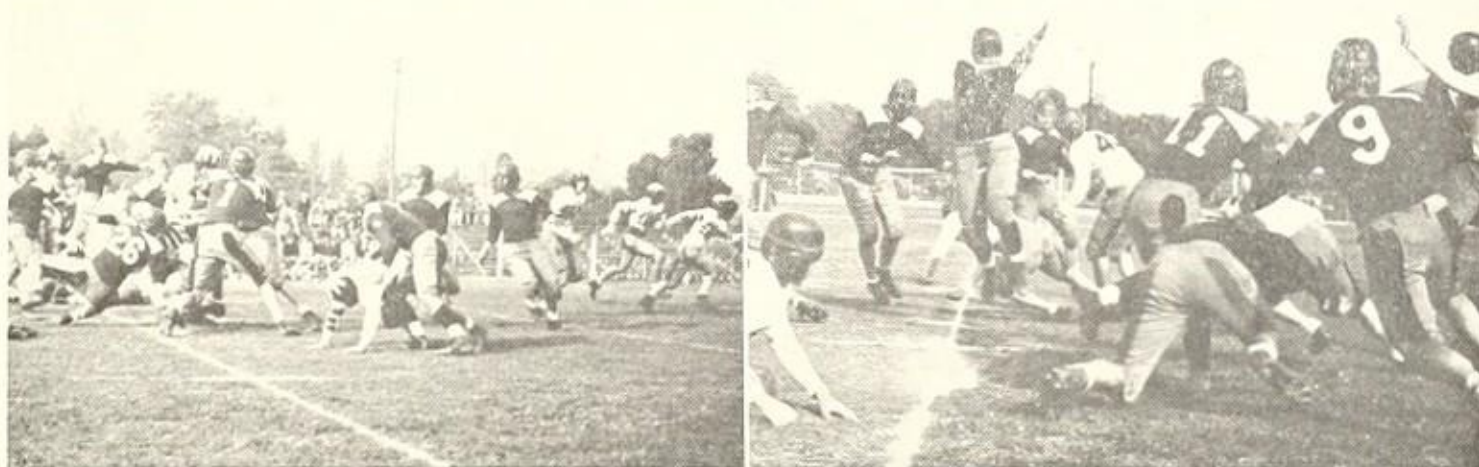

Coach Don Cruikshank's varsity squad, led by Capt. Jim Jewett, experienced a successful season by checking up 7 victories to 3 defeats.

The Indians started the season by defeating Huntington Beach and Chaffey. Then they proved that they could take a beating by losing to San Berdoo. The Braves retaliated by defeating Whittier and Burbank, and by subduing their old rival, Santa Ana, to the tune of 9 to 6 in a hard-fought game. A defeat by El Monte and the disputed Covina game were next in line. The Indians climaxed the season by defeating Loyola and Santa Barbara.

The 1933 backfield was led by Joe Herbert, quarterback, who accounted for many scores. Leo Burns and Sam Miller, fullbacks, were popular with the fans because of their spectacular line plunges. At halfback Captain Jim Jewett, Gordon Jahr and John Raitt always played a good game.

Because of his end-around plays and ability to snag passes, Harold Stedman was the most outstanding player on the line. Schulte, Johnson and Hodgson also played end. The tackle berths were held by Lauterborn, Basabe, Hamner, Meyer and Journigan. Ridgeway, Grainger and Mayfield played center position. Felix Basabe and Connie Ridgeway were elected to be next year's co-captains.
